# TERMS AND CONDITIONS OF SALE

ALL PRICES ARE F.O.B. KOSTER NURSERY,  
BRIDGETON, N. J.

We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any nursery stock we sell and *we will not be in any way responsible for the crop.* If purchaser does not accept goods on these conditions, they are to be returned at once.

WE ASSUME NO LIABILITY FOR DELAY OR FAILURE IN FILLING ORDERS, DUE TO STRIKES, ACCIDENTS, CROP FAILURES OR OTHER CAUSES BEYOND OUR CONTROL.

To any firms of established credit, our terms are 2% 10 days, 30 days net.

To firms who cannot or will not establish satisfactory references, cash is expected with order.

To limit disposition of our material to nurseries and plant markets, orders must be written on printed stationery or a business card must be enclosed.

All small orders (less than 100 plants) must be called for at the nursery, with the exception of specimen plants. We would greatly appreciate it, if customers would pick up their material at the nursery whenever possible; however, we have in our locality a reasonable trucker who has given us excellent service in the past. You will understand that a full trailer load will be the cheapest means of getting your order home. Less than trailer loads are combined with other orders and will bring a small additional cost to the customer. We will not be responsible for any damage to nursery stock, in shipment, on combined orders.

All quotations are subject to prior sales and confirmation, in accordance with our usual terms and conditions.

## BOXING AND PACKING CHARGES ADDITIONAL AT COST.

### JAPANESE BEETLE CERTIFICATES

SUPPLIED FOR ANY SHIPMENT ON REQUEST  
All Rhododendrons and Azaleas are Grown in DDT Treated Ground and can be shipped to any part of the country without dip treatment under the Japanese Beetle Quarantine.

ALL SHIPMENTS ARE ACCOMPANIED BY A NEW JERSEY CERTIFICATE OF HEALTH.

ALL CLAIMS MUST BE MADE WITHIN  
10 DAYS AFTER RECEIPT OF GOODS.

No orders are to be dug unless proper arrangements have been made through the office.

August 1, 1957

Customers and Nurserymen:

Last year when we mailed our catalog, we were sold out on many items. This year we have a very fine crop of Rhododendrons, Azaleas, Dogwood, Maples, Magnolias and other material.

Taxus will again be on the short side and it will take another year before we will be able to offer large quantities in spreaders as well as uprights.

Rhododendrons will be available in 2 and 3 year olds, on own root, well branched; also in liners which are listed in this booklet. We are pleased that we have a fine stock growing in red, white, pink and lavender, and sincerely hope to deliver budded plants in colors mentioned.

As always, we invite you to visit us whenever you are in our vicinity. We welcome your visit.

Gerard Overdevest  
Manager

## ROSE RED

### AMOENA COCCINEA KU. Sgl. E. Dwf.

This is a clear rosy red which should not be confused with the Purple Amoena. Its outstanding quality is its hardiness. Occasionally a few branches may revert, but if cut out the plant will keep true to color.

Mad. de Bruin .....	<b>100.00</b>

For Hybrid Rhododendrons we are recommending our rooted cuttings of all varieties. Scions are taken from healthy stock plants, and we have been selective about the taking of cuttings. Our facilities have been greatly improved, and our success in rooting of nearly all varieties is giving us the opportunity of offering red and white, as well as the purple colors.

**We cannot accept orders less than one hundred plants, unless customers will pick up plants at the nursery.**
